ENTERPRISE LIFE
INSURANCE & INVESTMENT SOLUTIONS INC.

SAVE TIME, SAVE MONEY

Insurance for home, the road and your business

We shop Canada's largest insurers to find you the right coverage at the right price. Inside: a special program for Affinity Mortgage, coverage for brokers who work from home, and income protection for the self-employed.

Call 905-683-2323 ext. 2269

EXCLUSIVE GROUP PROGRAM

Affinity Mortgage program

Special discounted pricing on auto and home insurance for Affinity Mortgage employees and brokers.

AUTO

Discounted rates

your personal vehicles

Preferred group pricing on the cars you drive every day.

HOME

Discounted rates

home, condo & tenant

Protect your home, belongings and liability.

AUTO + HOME

Bundle & save

one brokerage

Combine policies for added savings where available.

Who's eligible: Affinity Mortgage employees, brokers and agents, plus their spouses and household members. Just mention Affinity Mortgage when you call.

Brokers working from home

Your home office and vehicle are part of your business. Make sure your insurance knows it.

Your home office

Home business coverage

Most home policies limit business equipment and liability. An endorsement closes the gap.

Business property

Laptops, phones and client files used for your work.

Cyber liability

Breach costs if client data is exposed.

Your personal vehicle

Declare business use

Driving to clients and lenders must be on your policy, with accurate annual kilometres.

$2,000,000 liability

Our recommended minimum for anyone driving for work.

Non-owned auto

Protects brokerages when staff drive their own cars on business.

> **Ontario auto changes, July 1, 2026:** Income replacement and several other accident benefits are now optional. If you have no workplace disability plan, ask us about adding them back.

Income replacement for self-employed brokers

There's no employer plan behind a commissioned broker. Protect the income everything else depends on.

No employer safety net
No group disability or sick pay, and no EI sickness benefits unless you registered in advance.

Commission stops when you do
While illness or injury keeps you off work, deals stop closing.

The bills keep coming
Mortgage, household and business costs don't pause while you recover.

Solutions available

Disability income
A monthly benefit replacing part of your income if you can't work.

Critical illness
A lump sum on diagnosis of a covered condition such as cancer, heart attack or stroke.

Business overhead expense
Pays ongoing business costs while you're off.

Term life & mortgage
Protects your family and pays off debts like your mortgage.

Health & dental
Individual plans from carriers such as Sun Life and Edge Benefits.

What to look for in a disability plan

Own-occupation definition
Pays if you can't work as a mortgage broker, not only if you can't do any job.

Waiting period
How long before benefits start. A longer wait lowers your premium.

Benefit period
How long benefits last, from a few years up to age 65.

Proof of income
Commission income is usually based on net business income from recent tax returns.

Tax-free benefits
Benefits from a plan you pay for personally are generally not taxable.

ENTERPRISE LIFE
INSURANCE & INVESTMENT SOLUTIONS INC.

Life, disability and health products are offered through Enterprise Life Insurance & Investment Solutions Inc. Benefits are subject to underwriting and policy terms.
